About Simplyhealth

Since 1872 – long before the existence of the NHS – Simplyhealth has been helping people to make the most of life, by managing their everyday health needs. That's why today we ensure over 3 million people in the UK have access to the health products, services and support that they need, when they need them and at a price they can afford.

We're proud to be the leading provider of everyday health cash plans, dental payment and pet health plans. And whilst we may be 144 years old, we're not afraid to innovate. Whereas once we were known purely for cash plans, we now offer a wide range of products and services with one thing in common: to cater for peoples' everyday health needs – now and into the future.

Helping people make the most of life is our sole purpose and giving back is a huge part of that. As a result of our success, in 2015 we were able to donate £1.6m to charitable causes, supporting 25 different charities including Revitalise, Music in Hospitals, Brainwave Centre, British Lung Foundation and Rainbow Trust, and touching the lives of over 2 million people across the UK.

Our future success and performance will enable us to deliver our ongoing pledge to donate 10% of our profits to charity every year; supporting health-related charities that share a similar outlook and which are dedicated to helping people with everyday health conditions make the most of life
