

**FRIDAY 26 MAY**

### **About the Event**

Now in its ninth year, the Arcadis Great CityGames Manchester is once again set to bring world-class athletics to the city's streets.

The event takes place on the now famous Great CityGames track on Deansgate and at a purpose built athletics arena in Albert Square.

The event is a unique opportunity to see top athletes from across the globe compete in an urban environment – it is completely free to spectate and no tickets are required.

This exciting event moves athletics out of the stadium and on to the streets, bringing the sport to a whole new audience and giving fans the opportunity to get closer to the action than ever before.
