

SUNDAY 14 OCTOBER 2018

ROAD CLOSURES & REOPENINGS

Dear Resident/Business Owner

This letter is to provide you with advance warning of the above event and the necessary traffic management arrangements on the day, which will ensure the event takes place in a safe environment.

Birmingham City Council, in conjunction with The Great Run Company are organising the Simplyhealth Great Birmingham Run – a half marathon – starting at approximately 1030. The event expects to attract thousands of runners to one of the UK's biggest half marathons. The run will start on Broad Street and finish on Jennens Rd. This mass participation event is aimed at getting more people, more active, more regularly.

Please see greatrun.org for further details.

Before and during the run, it will be necessary to implement a number of road closures along the route between 04:00 and 09:30. These have been agreed with Birmingham City Council and will be implemented in a number of phases (closures between 04:00 – 09:30 and reopenings between 12:30 and 19:00). The times are approximate and the road closures will NOT affect the access of emergency vehicles. The roads affected are detailed in the table on this leaflet. For further detailed information please go to greatrun.org/Birmingham

Reopening of roads will be done in a structured manner following the last runners in the event. Event infrastructure will be removed and roads cleansed ahead of reopening.

We understand that the road closures will cause some inconvenience. Please plan journeys in advance and allow for additional time as the road network will be busy. Where possible, it would be appreciated if cars can be parked on driveways or on side streets. We will have an uplift system in place on event day to relocate vehicles left on the route. Vehicles removed could be subject to a penalty charge notice so please remove vehicles before closures come into effect.

The Simplyhealth Great Birmingham Run will endeavour to minimise disruption to the road network and ensure roads are returned to normal traffic conditions in a timely fashion.

The Great Run Company
